What: A locally developed County Coordinated Public Transit-Human Services Transportation Plan is a five-year plan dedicated to coordinating resources to assist the transportation-disadvantaged public in getting rides based on their individual mobility needs. The plan must be developed through a process that includes representatives of public, private, and non-profit transportation and human services providers and participation by members of the public. Coordination plans are required for Federal Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities program funding and State Section 85.21 Specialized Transportation Assistance program funding for counties.

Purpose: To identify specialized transportation gaps and needs, and discuss strategies to address these needs.
